

Snart er julen slut, og jeres juletræer skal sikkert bortskaffes.

For at undgå grannåle i trappeopgangene kan I som i tidligere år droppe juletræerne fra altanerne ned i indgangspartiet til haven. Husk at til at holde øje så I ikke rammer nogen ved et uheld. Læg venligst derefter træerne uden pynt senest den 06.1-2021 ved traileren, der står ved glasporten (indgang Landskronagade).

De bedste julehilsner samt ønsket om en et godt og lykkeligt nyt år til alle beboere i Wesselshave
fra jeres vicevært
Henrik Rasmussen

Christmas will be over soon, and your Christmas trees will probably have to be disposed.

As in the previous years, to avoid pine and fir needles in the stairwells, you can also this year drop the Christmas trees from the balconies down into the garden. Remember to be careful to prevent any of your neighbors from being hit by accident.

Please then place the trees without decoration no later than 06/01/2021 alongside the trailer at the glass gate (entrance Landskronagade).

The best Christmas greetings as well as the best wishes for a happy 2021 and happy New Year to all residents of Wesselshave from

Your Caretaker Henrik Rasmussen
